Hello. My name is Steven Gniazdowski. I am a college student majoring in Computer Systems Engineering. I have used, and will continue to use Microsoft and non-Microsoft products. Microsoft does put out a quality product. However, just due to the fact that they happen to be the software giant they are does not mean they are allowed to break anti-trust laws. Settling with Microsoft is only surrendering. Microsoft has committed a crime and should be prosecuted to the full extent of the law. I feel that the Department of Justice should continue to prosecute Microsoft. Thank you for your time.
